

KISABETH
FURNITURE

YOUR IDEAS, EXPERTLY REALIZED.

DRAWING APPROVAL FORM

Kisabeth Furniture takes great pride in partnering with the design community to interpret your ideas and manufacture your designs. We understand the painstaking attention to detail and care that design projects require, which is why providing our clients with drawings for approval is the first step of our manufacturing process. We rely on these drawings to ensure we have captured not only the spirit of the piece, but to make sure we're all in agreement as to the scope of work to be performed.

Due to the nature of our work and the level of customization offered, please know that once a project has been released to production changes cannot be made without incurring additional charges, if they can be made at all, and will be assessed on case-by-case basis.

Please review the drawing(s) carefully and let us know if there are any details that are not exactly what you envision.

By approving the drawing(s) you are certifying that you have reviewed all details such as measurements, finishes, fabric application, etc., and that the drawing accurately reflects the desired final product. Once signed, Kisabeth is committed to building the piece to the specifications outlined on the drawing and cannot be held responsible for any changes or discrepancies realized during production or after completion, but will take responsibility for any unforeseen changes due to the manufacturing process.

In addition to the approved drawings, we request a 50% deposit with the balance due upon completion or before delivery.

We look forward to beginning work on your project.

Thank you for choosing Kisabeth!

- I am requesting corrections. I am aware that the first drawing(s) & first set of revisions are complimentary and that any additional revisions are subject to a fee.
- I have submitted my 50% deposit and my piece(s) will be released for production upon my approval below.
- I have submitted my 50% deposit and approved with corrections. My piece(s) will be released for production upon my approval below.
